

St Mary MacKillop Primary School

WELCOME

St Mary MacKillop Primary School

Principal

Mr Anthony McCluskey

Introduction

- Catholic education is intrinsic to the mission of the Church. In fact Catholic education is at the very 'heart of the Church'. It is one means by which the Church fulfils its role in assisting people to discover and embrace the fullness of Christ.
- The Australian bishops established Catholic Schools in the 1860s as a key instrument of catechesis and sacramental preparation for Catholic children. Catholic schools continue to offer a broad and comprehensive curriculum imbued with an authentic Catholic understanding of Christ and his teaching, as well as a lived appreciation of membership of the Catholic Church.
- St. Mary MacKillop Primary School (SMMPS) is a Catholic school primarily for Catholic children. We were established in 1984 and we are owned by St. Mary of the Assumption Parish, Keilor Downs/Kealba.
- **Our concern is to ensure access for Catholic families.** However local pastoral discretion is an important element of decision-making with regard to enrolment. Therefore, whilst bearing in mind that first priority is given to Catholic children within the parish, the Parish Priest and Principal are able to exercise some pastoral discretion where they deem necessary.

ENROLMENT PRIORITIES

- The following list provides an agreed order of priority for enrolment in SMMPS.
 - Catholic children who are residents of the parish
 - Catholic children who do not reside in the parish, but are recognised as parishioners by the Parish Priest
 - Catholic children from other parishes (for pastoral reasons)
 - Children from non-Catholic Eastern churches who reside in the parish
 - Children from non-Catholic Eastern churches who reside outside the parish
 - Other Christian children who reside in the parish
 - Other Christian children who reside outside the parish
 - Non-Christian children who reside in the parish
- **NOTE:** siblings of children already enrolled in the school are given priority.

Our Catholic Culture

**As a Catholic school,
we celebrate Christ as the centre of our lives,
calling us to be life-giving by the way we live the
Gospel in our time.**

**We strive to empower our community to be people
of hope for the world.**

Our School

We pride ourselves on our:

- dynamic learning community
- our innovative learning programs
- enthusiastic and wonderful student group
- welcoming and supportive Leadership Team
- happy, passionate and positive teachers
- parental and community involvement
- pastoral policies and practices that promote self discipline and social relationships
- our school wide positive behaviour approach which frames all we do
- our school environment
- a Religious Education Program which teaches our faith as Catholics
- a Sacramental Program which prepares children to receive the Sacraments of Reconciliation, Communion and Confirmation

OUR SCHOOL VISION

Inspired by the Gospels and in the spirit of
St. Mary MacKillop,
we never see a need without taking action.

We live and celebrate our Catholic faith.

In and through positive relationships,
we aspire to protect all children under our care,
prioritising their safety and wellbeing.

We learn to be,
to know, to do,
to live together
and to change.

We are a community of lifelong learners.

LEARNING & TEACHING

As a school within the State of Victoria we are mandated by the Victorian State Government to teach the **Victorian Curriculum**.

We strive to equip the children with a set of **Knowledge, Skills** and essential **Capabilities**, which include:

- **Critical and Creative Thinking**
- **Personal and Social Capability**
- **Ethical Understanding**
- **Intercultural Understanding**

These Capabilities have been identified within the Vic. Curriculum as imperative to supporting students entering life within and beyond the classroom.

RELIGIOUS EDUCATION

Being a Catholic school, Education in Faith is explicitly 'taught' and underpins all learning, teaching and indeed life at St. Mary MacKillop Primary School.

We aim to further discover the richness of our Catholic community, inspired by the spirit of St. Mary MacKillop

We teach the, **Renewed Religious Education Framework**, mandated by the Archdiocese of Melbourne.

This Framework supports the teachers in bringing the richness of Catholic tradition into dialogue with the world of the students and contemporary culture.

RELATIONSHIPS ARE WHAT MATTERS...

Learning Essence Statement

Relationships are at the heart of our learning community. We engage in rigorous learning experiences that are both independent and collaborative. We strive to develop dispositions that enable us to become self motivated learners. We value a learning journey that inspires us to make meaningful connections.

DISPOSITIONS

At SMMPS, we empower students to be:

- *Reflective*
- *Collaborative*
 - *Flexible*
- *Self-Motivated*
 - *Curious*
 - *Creative*
 - *Persistent*

the 100 Languages

No Way.
The Hundred is there.
The Child
Is made of one hundred.
The child has
A hundred languages
A hundred hands
A hundred thoughts
A hundred ways of thinking
Of playing, of speaking.
A hundred always a hundred
Ways of listening
Of marveling, of loving
A hundred joys
For singing and understanding
A hundred worlds
To discover
A hundred worlds
To invent
A hundred worlds
To dream.
The child has
A hundred languages
(and a hundred hundred
hundred more)
But they steal ninety-nine.
The school and the culture
Separate the head from the
body.
They tell the child:
To think without hands

To do without head
To listen and not to speak
To understand without joy
To love and to marvel.
They tell the child:
To discover the world already
there
And of the hundred
They steal ninety-nine.
They tell the child:
That work and play
Reality and fantasy
Science and imagination
Sky and earth
Reason and dream
Are things
That do not belong together.
And thus they tell the child
That the hundred is not there.
The child says:
No way. The hundred is there.

DISCOVERY LEARNING P-2

“A child’s greatest achievements are possible in play.”

“Children learn as they play.

Most importantly, in play children learn how to learn.”

Discovery is a time when students learn through opportunities to play, explore or investigate. The environment is designed to engage students in things that interest them, as well as areas of the curriculum, in a developmentally appropriate way. The focus is on creativity, problem solving, language development and social interaction. Students make choices, take risks with their learning and value mistakes as part of their learning journey.

PASSION PROJECTS (3-4)

80/20 TIME (5-6)

What are Passion Projects and 80/20 Time?

Passion Projects and 80/20 are an opportunity for students to follow their passions and develop their ability to manage their learning more independently. Students are supported to identify an area of interest and develop a simple project that will require them to 'make, learn or teach'. The journey to achieve the end goal is where the important learning takes place and is documented and celebrated.

ALSO ON OFFER....

- Focus on explicit teaching in Maths and English
- Targeted teaching supporting all students no matter where they are on their learning journey
- Intervention Program
- Physical Education/ Sports program
- Perceptual Motor Skills Program (PMP) in Prep
