

GOING to SCHOOL

at St. Mary MacKillop

Reading aloud to children everyday helps develop a love for books. Reading stimulates their imagination and understanding of the world.

When reading aloud with your child...

- talk about the title and illustrations on the front cover
- read the blurb on the back cover
- talk about what is happening on each page
- point out interesting things
- point to the words as you read aloud
- discuss unfamiliar words
- ask questions
- think about a time when your child has experienced something similar
- count the pages pointing to the page numbers
