In small groups, they will work collaboratively with their peers to read and act out short scripted plays building fluency and confidence. They will</p>

classroom and school prayer opportunities, attend mass in their class groups and develop Catholic meditation routines.

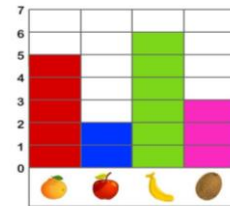

Speaking and Listening

Students will be encouraged to listen and contribute to conversations and discussions when sharing information and ideas.

Statistics

Students will use tally tables to collect data about their peers. They will represent and interpret this data using column graphs and pictographs.

explore some dramatic and stagecraft elements and apply these to their plays. Students will be exposed to various stimuli and respond through dramatic action, song or dance. Students will explore narrative structures through the roles and situations they create.

Italian

Students will explore the role play 'Quattro Amici' (four friends). They will create their own script about their 'amici' (friends). The scripts will be presented in role-play form to their peers, focusing on pronunciation, expression and intonation.

Library Media (3 Blue)

Students will compare their own cultural practices to others from across Australia and around the world. They will focus particularly on special places and buildings of importance in a variety of cultures. Using this understanding, students will investigate similarities and differences to the way we live and learn.

Digital Technologies

Students will investigate and apply respectful ways of communicating online. They

					will continue to develop an understanding of the similarities and differences between the way we behave online and offline and determine what is appropriate and what is not.
